Defendant

We hereby waive the forty five-day period for a child support order review and request that Child Support Enforcement (CSE) immediately commence with a review for the child support order. We understand that the CSE cannot commence the review until we have provided complete and up-to-date financial information as required by law.

We also understand that we are not waiving our rights to an Administrative Review Hearing and that the revised amount of child support calculated by the CSE (if any) will not be submitted to the court for inclusion in a revised child support order for at least fourteen (14) calendar days plus three (3) business days of the date the recommendation was mailed.

We understand that, if we wish the revised child support amount to become effective before the expirations of the fourteen (14) calendar days plus three (3) business day period an additional waiver must be signed by both of us.
